

MA in Studio Ceramics: Methodologies and Practice

An exciting new programme, 1 year full-time
or 2 years part-time starts September 2009

Ceramics at Loughborough has a long tradition of excellence, with well equipped studios and facilities including electric, gas, oil and wood firing kilns. Outdoor kiln construction and firing areas along with a 75 cu ft Anagama kiln.

The School of Art and Design has a thriving and varied postgraduate and research culture, providing the opportunity for creative dialogue across a wide range of media and process.
